

Advanced Mixed Waste Shipper Certification Training

ATKINS

Member of the SNC-Lavalin Group

Course Description

This course is designed to provide participants with a detailed understanding of DOT and EPA requirements specific to the transportation of mixed waste. This training utilizes a systematic approach that provides a logical flow to a mixed waste shipment. Study Guide scenarios used throughout the course ensure that all necessary steps are completed to ship a mixed waste in accordance with the applicable regulations. The training includes detailed information relating to the A₁/A₂ table, the calculations necessary for shipments containing multiple radionuclides, and RCRA waste code assignment, as required in 40 CFR. AAHP has awarded thirty-two (32) CEUs for this class. Materials will be provided to facilitate completing the course.

Successful participants receive a certification stating that the training meets the requirements of 49 CFR 172, Subpart H.

Who Should Attend?

Employees required to certify that Mixed Waste Shipments are in compliance with 49 CFR and EPA regulations.

Course Duration: 32 hours

Retrain Frequency: 3 years
