

# Advanced Mixed Waste Shipper Certification Training

## Course Description

This course is designed to provide participants with a detailed understanding of DOT and EPA requirements specific to the transportation of mixed waste. This training utilizes a systematic approach that provides a logical flow to a mixed waste shipment. Study Guide scenarios used throughout the course ensure that all necessary steps are completed to ship a mixed waste in accordance with the applicable regulations. The training includes detailed information relating to the A<sub>1</sub>/A<sub>2</sub> table, the calculations necessary for shipments containing multiple radionuclides, and RCRA waste code assignment, as required in 40 CFR. AAHP has awarded thirty-two (32) CEUs for this class. Materials will be provided to facilitate completing the course.

Successful participants receive a certification stating that the training meets the requirements of 49 CFR 172, Subpart H.
