

Load Securement for Drivers and Traffic Personnel

Course Description

This course is designed to provide participants instruction on the DOT Federal Motor Carrier Safety Regulations (FMCSR) load securement requirements in 49 CFR 393.100-136. Course participants have the opportunity to use current copies of applicable regulations and gain familiarity with those regulations. The emphasis of this course is to ensure that cargo is properly loaded, distributed, and secured in or on the transport vehicle. Materials will be provided to facilitate completing the course.

Successful participants receive a certification stating that they completed the course.

Who Should Attend?

Any person responsible for loading and securing cargo for transport.
