**Prerequisites:**

Hazardous Material General Awareness Transportation Training or equivalent.

**Available Format:**

- Classroom
- Online

## Highway Route Controlled Quantity (HRCQ) Training for Drivers

### Course Description

This course is designed to provide participants instruction on the DOT FMCSR with specific information regarding the safe transportation of HRCQ Radioactive Materials. Course participants use current copies of applicable regulations to understand the additional hazards and requirements associated with transporting highway route controlled quantities of radioactive materials. This training meets the requirements identified in 49 CFR 397.101. Materials will be provided to facilitate completing the course.

Successful participants receive a certification stating that the training meets the requirements of 49 CFR 397.101.

### Who Should Attend?

Any person who transports a highway route controlled quantity of radioactive material.
