## Course Description

This course is designed to provide participants with a detailed understanding of the safe transportation of explosives. The training includes discussion of the Department of Energy explosives classification process and the DOT hazardous materials regulations for preparation of an explosive shipment. The training includes study guides to assist the participant with the steps required to prepare and ship explosives in full compliance with DOT regulations. Materials will be provided to facilitate completing the course.

Successful participants receive a certification stating that the training meets the requirements of 49 CFR 172, Subpart H.

## Who Should Attend?

Employees required to certify that shipments of explosives are in compliance with 49 CFR.
